

## Intellectual Property Attorney

MacMillan, Sobanski & Todd, LLC is looking for a candidate qualified to provide intellectual property services in the biotechnology and pharmaceutical areas.

The work will involve the full gamut of intellectual property practice, including the following areas:

- \* Patent application preparation and prosecution
- \* Counseling of clients and portfolio management
- \* Opinions (freedom to operate, validity and infringement)
- \* Agreements and licensing
- \* Due diligence for mergers and acquisitions
- \* Pre-litigation activities

We provide our clients with guidance in formulating and implementing IP strategy. Our growing practice involves working closely with our clients as a team to capture and protect key emerging technology. We spend the time with clients necessary to understand potential opportunities and provide solutions for their intellectual property issues. The technology of our clients is cutting edge, requiring creative effort to fully and properly protect the new innovations.

MacMillan, Sobanski & Todd, LLC is an equal opportunity employer, and provides a comprehensive benefit package, including a 401K and profit sharing retirement plan. Attorneys at MacMillan, Sobanski & Todd, LLC are compensated with an excellent salary and bonus arrangement based on individual performance.

Interested candidates are invited to send resumes, including a cover letter and salary requirements to:
